New Road Primary School

Spring Term 2 2024

(February-March)

Year 3/4

Information for parents

Miss Hibbins, Miss Alegre, Miss Wootton-Stamper
and Mr Adams

Dear Parent/Carer,

We hope that you have had an enjoyable half term. This letter is to inform you of what your child will be learning this half term, through a range of questions that they should be able to answer by the Easter holidays.

Mathematics

1. **What's 9 x 6?** 54
2. **What's 11 x 12?** 132
3. **What's 4 x 2 x 8?** 64
4. **Does it matter what order you multiply 3 numbers together in?** No, you can still reach the same answer.
5. **What is the best method to solve 12 x 15?**

Year 4 parents/carers please also spend time at home practising times tables with your child. They will be sitting the Year 4 multiplication tables check in the summer term. They can do this using the Multiplication Check on Maths Frame. We do this very frequently in class, so your child will be very skilled using it.

English

1. **Underline the subordinate clause. Jelly had twenty pounds in her pocket, which she had been saving for Grans birthday.** Jelly had twenty pounds in her pocket, which she had been saving for Grans birthday.
2. **Identify the pronouns in the sentence. Jelly was talking to her Gran. Jelly was talking to her Gran.**
3. **What is a metaphor?** A metaphor is a way to describe something as if it is something else – She was skating on thin ice.
4. **What does it mean to gaze at something?** To gaze means to look at something.
5. **Add a fronted adverbial to this sentence – Jelly ran to her Gran's caravan.** As the sky darkened, Jelly ran to her Gran's caravan.

A reminder that children should be reading at home at least 4 x a week and recording it in their reading journals. It is expected that reading journals are brought to school each day and handed in on a Friday.

Science

1. **What happens if a plant does not get light?** It may not grow well. It may droop and look lacklustre. Its colour may change.
2. **How can plants adapt to get water?** Plants may use their leaves or root onto another plant and use their water source.
3. **If the weather was extreme cold (freezing) or extreme heat, what could happen to the plant?** Depending on the climate they live in they may already be able to adapt e.g. cacti who store water. Some plants who are not used to this habitat may die.
4. **What does classification help us to do?** To identify different living creatures and plants by sorting them by their similar characteristics.

Design and Technology

1. **What does a hydraulic system use to carry pressure?** Liquid carries pressure in a hydraulic system.
2. **Name one thing that uses a hydraulic system.** Brakes, amusement rides and lifts all use hydraulic systems.
