Policy on the Use of Mobile Phones in School

While mobile phones and personal communication devices are commonplace in today's society, it is recognised that personal mobile phones have the potential to be used inappropriately.

Effective guidance is in place to avoid the use of mobile phones causing unnecessary disruptions and distractions within the workplace, and to ensure effective safeguarding practice is promoted to protect against potential misuse.

Most mobile phones now offer Internet and email access, alongside messaging, camera, video and sound recording. Mobile phones alongside other forms of technology are changing the way and speed that we communicate. They can provide security and reassurance; however there also associated risks. Safeguarding of children within the school is paramount.

School staff:

Staff may wish to have their personal mobile phones at work for use in case of emergencies, however there is a clear expectation that all personal use is limited to areas and times when there are no children present, or likely to be present.

- The school expects staff to lead by example. Other than in agreed exceptional circumstances, mobile phones should be switched off or on silent and left in a safe place during lesson times.
- Staff should not contact pupils or parents from their personal mobile phone in or out of school time, or give their mobile phone number to pupils or parents. If a member of staff needs to make telephone contact with a pupil, a school telephone should be used. In the event of an emergency and a school telephone being unavailable, staff would need to precede any phone call with a blocking system so their phone number is not shared with parents/carers.
- Staff should never send to, or accept from, colleagues or pupils, texts or images that could be viewed as inappropriate
- Staff are not permitted to take photos or videos of pupils. If photos or videos are being taken as part of the school curriculum or for a professional capacity, the school equipment will be used for this. Staff should not allow themselves to be photographed by a pupil(s).
- In circumstances such as outings and off-site visits, staff will agree with their Line Manager the appropriate use of personal mobile phones in the event of an emergency.
- This guidance should be seen as a safeguard for members of staff and the school. Any breach of school policy may result in disciplinary action against that member of staff.

Pupils:

Pupils are dissuaded from bringing mobile phones to school. If it is deemed necessary for a pupil to bring a mobile phone to school, (e.g. in the case of older pupils because they travel to and from school independently), then the expectation is that the pupil hands their phone into their class teacher as they enter the classroom.

Pupils with medical needs who need access to a phone (e.g. app for diabetic monitoring) will be exempt from handing their phone to their class teacher. Pupils will be reminded about acceptable use of their phones.

Parents, visitors and contractors:

Parents, visitors and contractors are respectfully requested not to use their mobile phones at all on the school site/in any area where children/young people are present. Should phone calls and/or texts need to be taken or made, use is restricted to those areas not accessed by children to avoid any unnecessary disturbance or disruption to others.

Photos of children must not be taken without prior discussion with a member of the Senior Management Team and in accordance with the General Data Protection Regulations (GDPR) and the Data Protection Act 2018 and using the 'Use of images consent form' (please refer to the school's document "Guidance for schools and other establishments on the use of images".)

Any individual bringing a personal device into the school must ensure that it contains no inappropriate or illegal content.

Inappropriate or illegal content:

Where there is a suspicion that the material on a mobile phone may be unsuitable and may constitute evidence relating to a criminal offence, the 'Allegations of Abuse' process will be followed (please refer to the school's 'Safeguarding and Child Protection Policy').

Staff, students, or volunteers remain responsible for their own property and will bear the responsibility of any losses.
